English - pre-intermediate

Completed an intensive Data Analyst course, worked on educational projects in the field of data analytics, from creating informative reports and dashboards to conducting data analysis for decision-making. Looking for an opportunity to start a career in analytics and develop practical skills in a team.

P R O J E C T   E X P E R I E N C E

Revenue Analysis Dashboard (Tableau)

This project analyzes user revenue data with a focus on new MRR, total revenue, and cohort dynamics.
Includes dual-axis charts and a cohort table in gradient format.
All data views are combined into an interactive dashboard with location and date filters for flexible exploration.
Tools: Tableau, Excel

Marketing Campaign Performance Aggregation (SQL)

I analyzed the performance of Facebook and Google Ads ads by combining and aggregating data from multiple sources using SQL (JOIN, UNION ALL, CTE) to create a single table of campaign performance by date, channel, and ad group.
Tools: SQL (PostgreSQL)

W O R K   E X P E R I E N C E

Arbuzyn Professional Agrarian Lyceum   2011- 2020

Master of industrial training in the professions: "Office clerk (accounting)", "Accountant for registration of accounting data"
